My beloved elders,

3RD QUARTER REPORT

How are you and the work the Lord has entrusted into your hands? Hope all things are moving fine as before. May the Lord be praised for His glorious works in our lives. I wish to appreciate you all for the patience and love shown to me and other faithful stewards in the vineyard. May the Lord continue to bless you more and more.

The work of God in Akwanga, Gidi-Gidi and Bakin-Kogi is going on well, especially Akwanga and Gidi-Gidi because we now have brethren who have become good pillars to the congregations. I am really pleased to see the fulfillment of this scriptural principle [Train up a child in the way he should go, and when he grows old, he will not depart from it] play out in my lifetime. The little boys we trained many years back are actively driving the Church powerfully now. I thank God who is working through us and in us to bring about His good pleasure. May His name be praised evermore, Amen!

AKWANGA

The Church here is healthy and strong. Although the evangelism outreach is ongoing increasingly, we had no baptism within this period. Also, there are not many activities to report about this period in Akwanga, but everything is normal; except that we are still struggling with our new auditorium building.
