

Daddy's Hands

I remember Daddy's hands folded silently in prayer
And reachin' out to hold me, when I had a nightmare
You could read quite a story in the callous and lines
Years of work and worry had left their mark behind.

I remember Daddy's hands how they held my mama tight
And patted my back for something done right
There are things that I'd forgotten that I loved about the man
But I'll always remember the love in Daddy's hands.

Daddy's hands were soft and kind when I was cryin'
Daddy's hands were hard as steel when I'd done wrong
Daddy's hands weren't always gentle but I've come to understand
There was always love in Daddy's hands.

I remember Daddy's hands workin' til they bled
Sacrificed unselfishly just to keep us all fed
If I could do things over, I'd live my life again
And never take for granted the love in Daddy's hands.

CONNECTION

C *We're improving!* After several suggestions, we are going to add a picture to our articles. This should help us put a face to a name and enable us to get to know each other better. These pictures will be optional to the family being featured each week.

O This week's family is Mike and Roxann Whitacre. Roxann was part of a military family that moved often during her childhood with stations in Alaska, Philippines, New York, and Texas. Her family became members of WH when she was 13. She went on to graduate from Lake Worth High School and UNT in Denton with a teaching degree. Roxann worked 30 years in the area primarily teaching kindergarten. She utilizes her passion and talents serving as nursery coordinator for the church, hosting class functions in her home, helping with fellowships, and more. She has helped so many of our young children feel loved and a special part of our church family.

R Mike also grew up in a military family with stations in the southeast US and Germany. Mike joined the Air Force and served as a weapons technician in England where he was baptized and became a WBS student to increase his bible knowledge. A WH member also stationed in England referred Mike to WH when Mike was being relocated to Carswell AFB. Mike moved to our area and began attending WH where he "accidentally" placed membership, handing his visitor's card to someone during the invitation who thought he was placing membership! He has been with us here ever since. When Mike and Roxann began dating and considering marriage, Roxann didn't want the many moves required of a military life and Mike readily agreed. He left the Air Force and began an engineering career with defense contractors Bell, LTV, GD/Lockheed and even worked with the Super Collider project.

Mike and Roxann have two children and two grandchildren and hope for a third soon. They enjoy spending time with the grandchildren and tending the flower gardens around their home. Mike, who enjoys bowling, has scored several 200+ games and even participated in some professional tournaments. He also enjoys kayaking and has volunteered helping disabled veterans with the Veterans On The Water program. Take some time to get to know this wonderful family, you will be blessed!

The City has made us aware that Chapin Road will be under repair in phases for the replacement of a 16-inch cast iron water line between Cork Place and Renzel Boulevard. The first phase will be Westerly Road to Cimmaron Trail. The next is Cimmaron Trail to Bandera Road which will include our building. The third is Mary's Creek Drive to Morenci Drive, and lastly, Carman Drive to West Loop 820 South.
