Dear Western Hills Church Family,

All of us at the Churches of Christ Disaster Response Team (DRT) want to extend our **deepest gratitude** for your recent donation of \$200.00. Your **generous** gift helps support the continuation of the Lord's work accomplished through DRT. **Your support continues to help the survivors** of disasters in many, many ways. Through DRT you are providing the tools, supplies, and building materials needed in the cleanup and reconstruction phases of the recovery process. You are also **helping to meet basic individual needs** (food, water, personal care, cleaning kits, school kits, and baby care items) of the people affected by a disaster. Your support has not only helped with the physical needs of families and individuals, but because DRT joins forces closely with local congregations in the disaster area, the **emotional and spiritual needs can be met** for months and years to come.

The Disaster Response Team had been set up at Riverside Church of Christ in Kerrville, TX and working at full capacity for an extended period of time. DRT was recently in Wheeling, West Virginia following the flash flooding in the area. Earlier this year, DRT was in London, Kentucky after the devastating EF4 tornado on May 17. Prior to that, DRT had been in Pikeville, Kentucky after helping rebuild after the floods. Early in 2025, sifters were sent to California for wildfire survivors, in addition to other aid. Hurricanes Helene and Milton survivors were supported in Valdosta, Georgia, Choctaw, Oklahoma, and several locations in North Carolina and Florida. Also provided were supplies for building, or clean up supplies, generators, and anything else that was needed. We will continue to post updates on our Facebook page and our webpage churchesofchristdrt.org. We would like to encourage you to sign up to "Subscribe to our Newsletter" to keep informed.

Trust that you **bless the survivors** when they need it most. We genuinely appreciate you!

In His Service,
Churches of Christ Disaster Response Team
