Dear Brethren,

Churches of Christ Disaster *Relief* Effort, Inc., has received your check #100152 dated December 26, 2025 in the amount of \$416.67. This donation is much appreciated, and we wish to thank you for it. This work could not continue without financial support from you and others.

In 2025, we've continued to help areas hit by Hurricane Helene, Milton, Beryl and Delta in Florida, Georgia, Louisiana, North Carolina, Tennessee and Texas, with new appliances, furniture and mattress sets, and water heaters. We've helped families by sending 53' semi-trailer loads of supplies where wildfires took place in Los Angeles, California; Canadian, TX; Cleveland, OK and Ruidoso, NM. We've helped areas where homes have flooded in Iowa, Kentucky, Texas, West Virginia, Arkansas, Illinois, Indiana, Mississippi, Missouri, Tennessee and Wisconsin. We appreciate your support of this work. We stand ready to send supplies when needed.

We have enclosed our most recent "Summary of Relief Assistance"; showing the locations we assisted so far this year and a summary of what we did in 2024.

We acknowledge that you did not receive any goods or services for this contribution. Thanks again for your support, and please keep us and those we are helping in your prayers, as we continue to help those in need.

In Him,

Mike Lewis
Executive Director
